BLUES PLAYED IN HARD LUCK

THEIR HITS ALL SEEVED TO DROP INTO THE MILLERS' HANDS.

Mit Parker Freely, but Died on the Bases-Kling Was Hit Hard and for Three Home Runs-Other Games.

Minneapolis, Minn., Aug. 17.-(Special.) Kansas City played in hard luck to-day, and dropped a game to Minneapolis when they might have won. Kling was not the man to put against the locals, for they spotted him in the third inning, and from that time on hit him hard. Connor Kuchne and Wilmot secured home rute and all but Schriver secured hits. Yet Kanses City secured six more hits than did the locals, and the former might have won had it not been for the strong fi lding put up by their opponents.

won had it not been for the strong fi Iding put up by their opponents.

Campau executed a home run in the second, bringing in Hatfield, but Lake flew out to second, leaving two men to die on bases. Nichol, with his twobagger and assistance from Campau, tallied. The score came very near increasing at a swift pace from the seventh inning on, but Lally, Rali and Presion denied all comers by magnificent plays. Lake went to bat in the seventh and reached second on a great hit. Klusmen put a liner into left that should have brought Lake in, but Lally, by a long run, grabbed the ball within four inches of the ground. Nichol also hit a hot one where it should have been safe, but Rall darted backward fifty feet and pulled it down with the tips of his fingers. In the clefith two more splendid hits were made by Hetfield and Campau, but Ball made an impossible catch of the first, and Preston gathered in the other on time. In the hinth both Nichol and Hatfield secured bases, but Campau failed to hit the ball hard enough, two dying on bases in the lining.

Each of the errors made by the visitors were vital, while loose playing allowed four stolen bases. McVicker distinguished himself in right field, and pleased the and.

The identity of the body which was taken from the Missouri river at the foot of Main street early yesterday morning is thought to have been established last even-ing by Mrs. Jennie Hevalow, who lives at Short speeches will be made by the grand 36 Gillis street. She said the remains were those of her husband. Will Hevalow, who was formerly a teamster in this city, and was led to that belief by the absence of the thumb from his left hand and by the color of his hair. She telegraphed her father-in-law last evening with whom her husband had been staying while in that vicinity, informing him of the finding of a body which answered the description of his son, but up to a late hour had received no reply.

It was developed, when the body was taken from the river and examined by the coroner yesterday afternoon, that there was a bullet hole at the base of the skull and a small fracture, showing plainly that and a small fracture, showing plainly that

On last Saturday, Secretary F. P. Mc-Cormick, of the new company, secured the National Surety Company as bondsmen. As he was about to file the bond yesterday he found that the surety company had withdrawn its signature as security.
When McCormick explained the situation to City Engineer Wise, he allowed him an extra day to find securities.
The bond asked for is for \$15,500. Of this amount \$12,000 expires on the completion and acceptance of the work, and the remainder is for a maintenance bond. Should no bond be raised by McCormick Bros, today, they will probably forfeit the \$200 deposited with the city comptroller.

Gladness Comes

With a better understanding of the transient nature of the many physical ills, which vanish before proper efforts-gentle efforts-pleasant efforts-rightly directed. There is comfort in the knowledge, that so many forms of sickness are not due to any actual disease, but simply to a constipated condi-tion of the system, which the pleasant family laxative, Syrup of Figs. ly removes. That is why it is the only remedy with millions of families, and is everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact, that it is the one remedy which promotes internal without debilitating the organs on which it acts. It is therefore all important, in order to get its beneficial effects, to note when you pur chase, that you have the genuine arti-cle, which is manufactured by the California Fig Syrup Co. only and sold by all reputable druggists. If in the enjoyment of good health, and the system is regular, laxatives or

other remedies are then not needed. If

afflicted with any actual disease, one may be commended to the most skillful

physicians, but if in need of a laxative, one should have the best, and with the

THE MISSOURI PACIFIC ANXIOUS FOR A SETTLEMENT.

Senboard Injunction Hearing On-Knights of Pythias Turned Down Again-Phil Armour Enjoined in California.

Chicago, Aug. 17.-The Missouri Pacific is at the head of a movement looking to the restoration of grain rates from the Missouri river to Chicago. It has for some time been trying to arrange for a conference of all the lines to consider the advisability of putting the rates back where they were before the recent reductions were made.

The other roads do not seem to be falling over themselves to put the rates back to the old basis. The fact is, the reduced rates have started the corn to coming East by way of Chicago, and this traffic forms the chief part of business done at the pres-ent time by more than one of the roads. and until they can see a chance to get something in the place of the corn they are now handling it is not likely that the rates will be advanced to the old stand-

PROTESTS THE ASSESSMENT.

The Santa Fe Objects to the Action of the Board of Equaliza-

Denver, Col., Aug. 17.-E. T. Cartlidge, tax commissioner for the Santa Fe rail-road, appeared before the state board of equalization to-day and protested against the assessment on the road's rolling stock as excessive and unjust. He complained that whereas the Colorado Midland's roll-ing stock is classified by the board, the Santa Fe's rolling stock was all assessed at first class rates. Mr. Cartlidge will sub. at first class rates. Mr. Cartildge will sub-mit to the attorney general the decision of the Oklahoma supreme court, holding that boards of equalization were bound to accept the returns of railroad companies unless evidence was introduced to prove that the returns were incorrect. The board made no change in the as-sessment made at the previous meeting, and Mr. Cartildge protested against the entire assessment.

ANOTHER RATE WAR.

hicago Great Western Will Meet the Schedule of the Lake Michigan Car

Ferry Transportation Company. Chicago, Aug. 17 .- The Chicago Great Western has again picked up the gauntlet cast down by the Lake Michigan Car Ferry Transportation Company and the war of freight rates between Chicago and St. Paul may be said to be fairly on. Late this afternoon Assistant General Freight Agent afternoon Assistant General Freight Agent
Tibbits had a telegram from General
Freight Agent Stoher, at St. Paul, declaring the ferry company's rates would be
met by a schedule of rates which should
go into effect August 21. The Great Western rates will be the same as the car ferry
first and second-class, and will apply not
only on local shipments governed by the
Western classification, but also on shipments from the East, governed by the official classification.

THE LEGAL BATTLE CONTINUES. The Seaboard Air Line and Souther Fight Now in the Courts.

Fight Now in the Courts.

Greenville, S. C., Aug. 17.—Arguments in the Seaboard Air Line cut rate injunction case was resumed to-day. Colonel Henderson, attorney for the Southern railway, argued for two hours, sustaining the jurisdiction of the court. He argued that the cut of 33 per cent by the Seaboard Air line was not made in connection with legitimate business, but was specifically intended to cripple the Southern railway. The Southern railway met the cut by an 89 per cent reduction, so as to end the war at once. He insisted that the court could stop the war and thus prevent great injury to railroad property and the property of private individuals. Judge Wasts, for the Seaboard Air Line road, asserted that the war was made by the Southern and other railways directly against the Seaboard by the establishment of the line of steamers from Portsmouth to Baltimore, He claimed that the Seaboard Air Line cut of 23 per cent was made in the course of legitimate business and said that under no circumstances would that road return to the rates of the 12th of July. The Seaboard Air line hat road return to the rates of the 12th of July. The Seaboard Air line would not meet the 89 per cent rate. He argued that the court had no more right to interfere with the railroads than it rfere with the railroads than it interfere with the business of a private merchant,

STILL ANOTHER TANGLE. Knights of Pythias Must Pay Full

Rates to Cleveland. Chicago, Aug. 17 .- It seems very probable that the Western roads will refuse to make any reduced rates for the meeting of the Knights of Pythias at Cleveland next month. The meeting was originally sched uled to be held in Minneapolis, and a rate of one fare for the round trip was made by the Western roads. The same roads afterward made a rate of I cent per mile for the encampment of the Grand Army at St. Paul, and the Knights demanded at St. Paul, and the Knights demanded the same reduction. It was refused and they then changed the place for their meeting to Cleveland, and the roads made them a rate of one and one-third fare. Now the Western roads have been in-formed by the lines of the Central passenformed by the lines of the Central passen-ger committee, in whose territory the meet-ling is to be held, that because of the ob-stacles cast in their way by the managing committee of the Knights, the Eastern roads cannot honor any certificates issued by the Western lines. The entire matter will be ended by the Western roads refus-ing to make any reduced rate at all.
